PROFESSIONAL SUMMARY

Passionate Bachelor of Information and Communication Technology (Honours) undergraduate at the University of Vavuniya, specializing in Full-Stack Development, Mobile Applications, and UI/UX Design. Proven track record of translating complex system requirements into scalable digital solutions through competitive hackathons and academic projects. Adept at leveraging modern frontend frameworks, mobile SDKs, and AI concepts to build intuitive, user-centered applications.

TECHNICAL SKILLS

- **Core Frameworks & Tools:** React Native, Expo, Tailwind CSS, React, Next.js, Framer Motion, Figma
- **Programming Languages:** JavaScript, TypeScript, PHP, SQL, Java, Python, C#, C++, Rust
- **Backend & Databases:** Node.js, Express.js, Laravel, .NET Core, MySQL, SQL Server, MongoDB, TiDB
- **Software Engineering:** OOP, SDLC, REST APIs, Database Design, Data Structures & Algorithms (DSA)
- **Tools & Platforms:** Git, GitHub, Postman, Vercel, Docker, Visual Studio, VS Code

TECHNICAL PROJECTS

Nivora – AI-Powered Emotional Wellness Mobile Application

Tech Stack: React Native, Expo, JavaScript, TypeScript, Express.js

- **Architected and developed** a cross-platform mobile application focused on accessible emotional wellness support.
- **Engineered an intuitive user interface** and seamless navigation flows to optimize user engagement and accessibility.
- **Integrated AI-driven conversational modules** to deliver interactive, responsive support capabilities for users.
- [GitHub Repository](#)

Wannasolo – Solo Travel Planning App Prototype

Tech Stack: Figma

(Developed for the IEEE Algoarena Designthon 2025)

- **Designed high-fidelity UI prototypes** and complex user interaction flows for a dedicated solo travel ecosystem.
- **Conducted user-focused wireframing** and design iterations centered heavily on usability, user psychology, and travel flow optimization.
- [Figma Prototype Link](#)

SUAMS – Smart University Attendance Management System

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

- **Engineered a secure, web-based attendance management** system to streamline university administrative tracking.
- **Implemented robust student authentication mechanisms** and real-time attendance logging features.
- **Designed and normalized the relational database structure** to ensure efficient data storage, security, and low-latency retrieval.
- [GitHub Repository](#)

Dishvana – Restaurant Web Platform

Tech Stack: React, JavaScript, HTML, CSS

- **Developed a fully responsive restaurant e-commerce platform** featuring a modern, highly interactive UI.
- **Built dynamic menu browsing**, filtering components, and smooth user interaction states.

- [GitHub Repository](#) | [Live Demo](#)

Personal Portfolio Website

Tech Stack: React, TypeScript, Tailwind CSS, Framer Motion, Vercel

- **Designed and deployed a production-ready personal portfolio** to showcase technical engineering projects and skills.
- **Built reusable UI components** integrated with fluid animations and responsive mobile-first layouts.
- [GitHub Repository](#) | [Live Demo](#)

EDUCATION

Bachelor of Information and Communication Technology (Honours)

University of Vavuniya | *July 2023 – July 2027*

- **Relevant Coursework:** Software Engineering, Database Systems, Web Development, Human-Computer Interaction (HCI), Mobile Computing

PROFESSIONAL EXPERIENCE

Bank Trainee – People's Bank (Kalutara South) | *September 2022 – August 2023*

- **Administered high-volume financial documentation** and verified transaction accuracy under strict corporate compliance guidelines.
- **Collaborated across cross-functional teams** to optimize daily branch operations and deliver efficient customer banking services.
- **Cultivated strong professional communication**, problem-solving, and client relationship management skills.

LEADERSHIP & AWARDS

- **6th Place Finalist** – IEEE INNOVA Ideathon 2025
- **Top 11 Finalist** – Hackforce'25 Salesforce Hackathon
- **Participant** – IEEE Algoarena Designthon 2025
- **Participant** – IEEE Lady Prototype 2.0 Designthon 2026
- **Organizing Committee Member** – Career Fair Expo 3.0 (2026), University of Vavuniya
- **Active Member** – IEEE Student Branch, University of Vavuniya
- **Senior Prefect** – Taxila Central College, Horana

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 AI Foundations Associate

ADDITIONAL INFORMATION

- **Languages:** Sinhala (Native), English (Professional Working Proficiency)
- **Core Interests:** Full-Stack Development, Mobile Engineering, UI/UX Architecture, Artificial Intelligence, Prompt Engineering
