Professional Summary

Motivated Bachelor of Information and Communication Technology (Honours) undergraduate at the University of Vavuniya with a strong foundation in software engineering principles, object-oriented programming, web application development, and database systems. Experienced in developing academic and personal software projects using modern technologies while applying problem-solving and analytical thinking. Passionate about building scalable, user-focused software solutions and seeking a Software Engineering Internship to contribute technical skills, collaborate with development teams, and continue growing as a software engineer.

Professional Experience

Trainee

2023 - 2024

People's Bank

Kalutara South

- Owned core software engineer workflows with strong execution quality.
- Collaborated with cross-functional teams to improve software delivery, system reliability, and product quality.
- Maintained documentation and reporting to support data-driven decisions.

Key Projects

Yum Yum Go – Online Food Delivery System

C#, .NET Framework, SQL Server, Visual Studio | 2024

- Developed a database-driven online food delivery system with secure user and vendor authentication.
- Implemented core functionalities including store browsing, shopping cart, payment processing, and order management.
- Designed a relational SQL database and applied modular programming, CRUD operations, and system testing.
- GitHub: [Repository Link](#)

SUAMS – Smart University Attendance Management System

PHP, MySQL/TiDB, HTML5, CSS3, JavaScript | 2026

- Developed a web-based attendance management system with secure authentication and real-time attendance tracking.
- Implemented database-driven CRUD operations for attendance and user management.
- Improved data accuracy and system reliability through validation, testing, and optimized database design.
- GitHub: <https://github.com/Praveena32/smart-attendance.git>

Personal Portfolio Website

React, TypeScript, Vite, Tailwind CSS, Framer Motion, Vercel | 2026

- Designed and developed a responsive portfolio website using React, TypeScript, and Tailwind CSS.
- Built reusable components with modern UI animations to enhance user experience and accessibility.
- Deployed the application on Vercel and managed version control using GitHub.
- GitHub: <https://github.com/Praveena32/Portfolio.git>
- Live Demo: <https://praveenabuddhini.vercel.app/>

Nivora – AI-Powered Emotional Wellness Mobile Application

React Native, Expo, TypeScript , Express.js , Node.js , Figma | 2026

- Developed a cross-platform mobile application using React Native and Expo to provide AI-assisted emotional wellness support.
- Implemented intuitive user interfaces, secure navigation, and personalized features focused on user engagement and accessibility.
- Applied software engineering principles including component-based architecture, state management, and iterative development.
- GitHub: <https://github.com/Praveena32/Nivora-mobile-application.git>

Core Skills

Programming Languages

Java, C#, C, C++, JavaScript, TypeScript, PHP, SQL, Python

Software Engineering

OOP, SDLC, System Design, DSA, Database Design, REST APIs

Databases

MySQL, SQL Server, TiDB, MongoDB, MariaDB

Frameworks & Technologies

.NET, Node.js, Express.js, React, NetBeans, Laravel

Tools

Git, GitHub, Visual Studio, Visual Studio Code, Postman, Vercel, Docker, Figma

Education

Bachelor of Information and Communication Technology

2023 - Present

University of Vavuniya

Relevant Coursework: Software Engineering, Database Systems, Human Computer Interaction, Web Development, Mobile Computing, Computer Networks, Operating Systems, Programming Fundamentals, Information Systems.

Professional Certifications

Oracle Cloud Infrastructure 2025 AI Foundations

Associate

Oracle | 2024

Notable Achievements

- Top 11 Finalist – Hackforce'25 Salesforce Hackathon
- 6th Place – INNOVA Ideathon 2025 (IEEE)
- Participated in university hackathons and innovation competitions

Additional Information

Organizing Committee Member – Career Fair Expo 3.0 2026, University of Vavuniya

Languages: Sinhala (Native), English (Professional Working Proficiency)

Interests: Software Engineering, Full-Stack Development, UI/UX Design, Mobile App Development, Artificial Intelligence, Prompt Engineering

Member – IEEE Student Branch University of Vavuniya

Senior Prefect - Taxila Central College, Horana
